## PREFACE

Just where and when John and Sarah Michener landed in America, we are not certain. If ever the occasion presents itself, it is my hope that I may be able to go to Sussex, England and there pick up the Michener line to trace it further.

From various historians we do get a picture of the mode of living when the Micheners first came to America. Futhey and Cope in their *History of Chester County* say that the name of Michener appears in the records of Philadelphia as early as 1686. The earliest American records that I have found are in the vaults of Friends Library at 4th and Race Streets, Philadelphia, Pa. These are the recordings of the births of the children of John and Sarah Michener.

Sharpless tells us that most of those who emigrated from England were yeomen or tillers of the soil. We know that John Michener was a yeoman and farmed in Philadelphia and Montgomery counties.

Dr. Ezra Michener, who left us many records and articles concerning the Quaker faith, says, "Though plainness is not religion, yet it is a religious duty; and religion, when properly established in the mind, will always incline us to simplicity in life and manners." Their life needed to be simple but still they took an active part in shaping our great land. In *Retrospects of Early Quakerism*, Dr. Ezra Michener says, "In 1701 Middletown Monthly Meeting had to adjourn until the next day as the greater part of the members were called away upon a business relating to the government. The burden and responsibility of the government at that time rested upon Friends, and they no doubt felt it to be a religious duty to attend to the proper choice of persons to administer it."

In education, they, too, were leaders. In 1746 they were admonished "in your several Monthly Meetings to encourage and assist each other in the settlement and support of schools for the instruction of your children, at least to read and write, and some further useful learning, to such whose circumstances will permit it."

John Garland Pollard once said, "Genealogy is tracing yourself

back to people better than you." This study on *The Micheners in America* has fascinated me and I hope, in some way, it may stimulate us all to lead exemplary lives that show that the descendents of John and Sarah Michener are still concerned with better government and education and a deeper spiritual life.

Bardsley in his *Our English Surnames* states that Micheners were makers of the "mitchie" or "mitchikin." This was a small cracker or loaf made of mixed flour. He seems to feel that they were bakers. Whatever meaning may have been attached to the name in earlier days, may it stand today for integrity and kindness to all men!

My great-uncle, Jacob S. Michener, had made a brief outline and family tree. He had very few dates, however. It was from this small beginning that I have worked to bring to completion this volume. I could never thank individually all of the people who have helped me with this work. I only hope that they will feel rewarded when they see the result.

Many dates and much information were gathered in Swarthmore Friends Library, Swarthmore, Pa. and in the Bucks County Historical Library, Doylestown, Pa. It was in the latter that I found the Diary of John Dyer. This man was a miller and owned one of the first mills in Bucks County. It still stands on the old Easton Road a few miles north of Doylestown, Pa. His daughter, Esther Dyer, married John Michener, a great, great grandson of the original John. Because of this connection and his friendship with the Michener family, John Dyer includes many facts of interest to us. He was also a member of Plumstead Meeting and notes the happenings of that meeting. I set forth herein some other interesting facts from his diary:

- 1770 "computed to be 4474 houses in Philadelphia."  
7-20-1775 "this day was appointed by Congress (now setting at Philadelphia) as a Day of Publick thanksgiving and prayer.....George Washington was appointed Commander-in Chief of Continental Army and Charles Lee.....there has been a battle fought at Boston sometime ago."  
8-11-1777 "I saw the American Army Encamped near or at

the Cross Roads Consisting of about 18000 men in Bucks County.”

7-9-1804 “last night by information of the New York stage driver—died suddenly Gen. Hamilton of N. York mortally wounded in Dual.”

So we see how this interesting man kept records of interest to all men. John Dyer died in 1811.

There are omissions and errors in this work for which I apologize. I have still to find the connection for some families and they are purposely omitted. Some records reached me too late to be included. It is my intention to write a supplement to this volume in five years and then include all of these. If anyone has additional information on any family, I would appreciate having it in order to include it in the supplement. We try to invite all of you to our annual Reunion each June. This was begun in Plumstead Township, Bucks County, Pa. by my Grandfather, Daniel Michener and his cousin, Z. Taylor Worthington in 1905. Since there had been many marriages into the Worthington family it was called Michener-Worthington Reunion. We would welcome all to our gatherings.

There have been questions concerning the Mitchener coat of arms. I am aware that there is one available but have not been able to trace the name to the person upon whom it was bestowed so I do not consider it proper to use it.

If these efforts of mine bring as much pleasure and satisfaction to you as readers as they have brought to me as compiler the book will have accomplished its purpose.

I. **John Michener:** The first knowledge gained concerning John Michener is recorded in *Sufferings of Quakers* by Besse.

"Sept. 1683/4 at Cowfold, Sussex, England. Proceedings on Information of a Meeting at Cowfold.

"A Second Meeting at Cowfold.

"A Third Meeting at Cowfold.

"In the month of September this year, John Shaw, Daniel Hayler, Richard Gates, John Edwards, John Faires, William Boxhall, Stephen Young, John Michener, Richard Chandler and Thomas Banister were taken out of a meeting at the said Thomas Parsons' House in Cowfold, and had before the Justices Machill and Eversfield, who committed them all to Prison except two who were bailed out by their Relations till the next sessions at Arundel for the West part of the County; when they were called to the Bar, but the Clerk would not suffer their trial to come on, unless they would pay him 2s each for a Venire, which they refused to do. Their Council pleaded that the Court might not send them to Prison again without a trial and the Justices themselves being favourable, were not inclinable to recommit them, so that seeing themselves at Liberty they went to their own Homes. Nevertheless at the sessions at Lewis in the same week, the Clerk got them all returned upon the Calendar as Prisoners except Daniel Hayler and Richard Gates, who were tried and fined 10s each; but the Justices were not willing to grant any Warrants for taking those again who went Home from the aforesaid sessions at Arundel."

There are many other accounts of the pilfering of households and spying by King's Agents who reported all who were caught attending meetings or allegedly attended meetings. The gaol to which the prisoners were committed was located at Horsham. It seems ironical that some thirty years later John Michener should be appointed an overseer for Horsham Meeting here in America. One would wonder if the recollection of his days in Horsham Gaol ever entered his meditation in Horsham Meeting. He had truly suffered for his beliefs.

Where John Michener resided at the time of these hearings is not known but in August 1686 we find him, "a bondsman" in the home of William Penn at Worminghurst, Sussex, England. This was the ancestral home of the Springett family and William Penn had married Giulielma Springett. They made their home there. At the same time, Sarah Moore was also "a bondswoman" there. She was the daughter of William Moore and Margery Selden and was born 6-17-1664. It was at Worminghurst, 8-6-1686, in the presence of 45 witnesses, by Friends Ceremony, John Michener took Sarah Moore to be his wife. Among the signatures of witnesses there is Will Penn, Jr., Lucretia Penn, and Guilielma Penn. William Penn, Sr. was at that time preaching to Friends in the "Low Country"—Holland.

We do not know how or when John and Sarah Michener came to America but the birth of their first child is recorded in Friends Records, Philadelphia Meeting as being born 2-24-1687. Futhey and Cope in their *History of Chester Co.* say

the name appears as early as 1686 but the above date is the earliest that I have found.

Sarah Michener was a witness to a certificate of marriage in Philadelphia Meeting, 4-18-1701.

John Martin, tailor, who died in 1702 left a lot of ground between 3rd and 4th Streets and Spruce and Walnut Streets in Philadelphia, Pa. to his three friends, Thomas Chalkley, Ralph Jackson and John Michener who evidently knew his wishes in the matter for they built "a long quaint house on Walnut Street front, opening southward on a green field. The Monthly Meeting soon took charge of this undertaking and sent some of the poor members who needed help to live there. This was the Quaker Almshouse." (From *Early Philadelphia* by Horace Mather Lippincott) The front building on Walnut Street was torn down in 1841. It is now called Walnut Place.

Minutes of Philadelphia Mo. Mtg. 9-27-1702: "John Martin by his last will and testament made Thomas Chalkly, Ralph Jackson and John Michener his executors, intending, his debts being paid and charges defrayed, his estate should be disposed of for the use of poor Friends according to this meeting's directions. Therefore Thomas Story and David Lloyd are desired to draw what writings may be convenient for the said Executors to sign to declare that the trust thereof to Edward Shippen, Samuel Carpenter and Anthony Morris for friends service according to the said John Martin's intent."

Philadelphia Minutes of Council 10-3-1704: "As considerable mischief had lately been done by cartmen in the city and through reckless driving, an ordinance was ordered to be drawn up for their regulation, and cartmen were summoned to be admonished to take care." (From the Writings of Scharf)

John Michener was one of the cartmen listed with fifteen other names. So he apparently drove a team of some sort in Philadelphia streets.

John Michener was a witness to the will of Thomas Hodges, yeoman of Philadelphia. The will was signed 1-21-1707/8.

4-30-1707 there is a complaint recorded in the minutes of Philadelphia Mo. Mtg. against John Michener for money bound. I have no further reference but the late Oscar Michener once wrote for our reunion:

"Like many others of his time, John Michener was strongly impressed with the prospect of rapid advancement in the value of land in and near Philadelphia and soon after his arrival received a large tract of land near Germantown in Bristol Township. Not having sufficient funds to pay for it, he mortgaged heavily. The burden of debt proved too much for him and he soon found himself unable to realize at an advance or to pay the accumulating interest. He laid the matter before the Meeting. The Friends appointed to investigate his financial condition reported that the property could not be sold for more than the amount of the mortgage and advised its conveyance to the mortgagee".

Minutes of Philadelphia Mo. Mtg. 5-25-1710. "The Friends that were appointed to speak with John Michener report that they have met together about it and discoursed the matter with him, but it appears that his Estate

is not answered sufficient to pay his creditors. Therefore the Meeting can not see cause to hinder Friends from endeavoring to secure themselves, only desires that they would consider his condition and be as favourable towards him as they can be."

Again in Minutes of Philadelphia Mo. Mtg. 2-25-1713 John Michener was reported to be in great necessity. Minutes of Board of Property, Pa. Arch. 2d series, Vol. XIX, Page 567.

"At a meeting of Commissioners at Phila., 30, 7 ber 1713, the s'd I. N. (Isaac Norris) having also purchased of Arnold Cassell 160 acres of Liberty Land, being the proportions of J. Claypoole's and Wm. Stanley's purchase of 5000 acres each, also of Jno. Mitchener, his plantation consist'g of divers small Parcels of Lib'ty Land, in the whole about 190 acres, all which three severall purchases lie Contiguous, he desires a patent for the whole together etc."

What happened in the next few years we do not know. John and Sarah Michener moved to Moreland Township in 1715.

*History of Montgomery Co.*, Theodore E. Bean: "John and Sarah Michener moved to Moreland Township in 1715"

Phila. Mo. Mtg. Abstract of Minutes, Vol. II, 1707-1730, pg. 357. "29th Second Month, 1715. It being moved to this meeting on behalf of John Mitchener, who has gone into the country to dwell, that he desires a Certificate. In order thereto, Nicholas Waln, John Goodson, and Anthony Morris are desired to Enquire concerning him."

Minutes of Abington Mo. Mtg. Pa. 1682-1746 pg. 88. "At our Mo. Mtg. ye 30: 3mo. 1715 John Mitchener produced a Certificate from Phila. for himself and his wife which was read and accepted."

In the same minutes dated 5-30-1717 "it is agreed that there be two overseers chosen for Horsham Meeting viz. John Michener and Thomas Iredell."

Considering the distance between Abington and Horsham Meeting Houses today, one would suppose that there were now enough settlers in the area of Horsham to support their own meeting and John Michener was one of the founders of Horsham Meeting.

Abington Minutes, 2-24-1727: "In behalf of John Michener to assist him in loss by fire." This was an appeal. We are sure that the Meeting would have helped him.

11-30-1731 John Michener was elected an Elder of the Abington Meeting and four years later Sarah Michener was elected an Elder of the same Meeting.

30-9mo-1730 John Michener was appointed to attend Quartly Meeting.

Again 20-5mo-1743.

25-5mo-1745 John Michener was appointed an overseer at the wedding of Abraham Lukens and Rachel Iredel.

29-2mo-1745 he was appointed an overseer at the wedding of Benjamin Fell and Hannah Iredel.

28-2mo-1746 he was appointed to inquire into the conduct of Benjamin Thomas and Elizabeth Powel. It was then necessary to go to Quartly Meeting with this matter and 25-5mo-1746 John Michener went to Quartly Meeting.

Phila. Deed Book H7, pg. 520 is quoted in *Family Data* by Gilbert Cope, Vol. "Meredith-Miller," pg. 65 :

"Deed 6-3-1747, Samuel Preston Moore, City of Phila. doctor in Physick and wife Hannah, and Richard Hill, merchant, to John Michener, Phila. Co., yeoman. Richard Hill by Indenture dated 3rd March, 1723 in consideration of the Rents and Covenants therein mentioned and reserved did demise grant and to farm lett unto the aforesaid John Mitchener four hundred acres of land—to hold to the said John Mitchener during his own life, the life of John Mitchener, his father, Sarah Mitchener, his mother and the longest liver of them."

Richard Hill afterwards devised the land to his son, Richard and daughter, Hannah, wife of Samuel Preston Moore, who made conveyance in fee simple for 212 acres.

The only dates I can find for their deaths are in *The Friend*, Vol. 32, pg. 340 : "Sarah Michener died 1757." Same source, Vol. 33, pg. 300 : "John Michener died 1765." Since they were living in the Horsham area and had been members there, one would suppose that they are buried in Horsham Burial Grounds.

*Children:* Sarah, Rebecca, Hannah, William, John, Elizabeth, Mary

- II. **Sarah Michener** was born 2-24-1687. She was liberated to marry in Phila. Meeting 1-30-1705. She married Thomas Palmer. He was born 11-1-1671 and was a son of George and Elizabeth Palmer. He was born at None-such, Parish, of Ewell, Surrey, England. Notes of the Women's Meeting 12-23-1704 :

"Jane Walln and Sarah Goodson accompanied Thomas Palmer and Sarah Michener who declared their intentions of marriage with each other, it being the first time. John Goodson and Arnold Cassell are desired to Enquire concerning the said Thomas, his clearness and conversation and make report thereof to the next meeting."

Phila. Mo. Mt'g. minutes, Vol. I, pg. 436 : "1-30-1705, Thomas Palmer and Sarah Michener appeared before this meeting and declared their intentions of marriage with each other, it being the second time, and after Enquiry made, nothing appearing to obstruct the proceedings, they were left to their liberty to consummate their intentions according to the good order of truth."

They were granted a certificate of removal 3-27-1715 according to Phila. Mo. Mt'g. records. Bean in his *History of Montgomery Co.* says :

"Thomas Palmer got possession of his father, George Palmer's 300 acres. It lay in the corner of the township adjoining Moreland and Upper Dublin Townships and extended to Horsham. George Palmer arrived from England in Sep-

tember 1682, and according to tradition, soon thereafter settled on his tract. He is supposed to have been the first European who made his residence in the Township. He here dug a sawpit and with a whip saw, cut the lumber with which to build a two story house which stood for nearly a century."

They signed the marriage certificate of Joshua Holt, husbandman and Sarah's sister, Hannah Michener. He signed the marriage certificate of Peter Davis of Horsham and Sarah's twin sister, Rebecca Michener.

Minutes of Abington Monthly Meeting, 1682-1746, pg. 111: "At our mo. mtg. ye 5mo. 1719, Friends at Horsham Have chosen Thomas Palmer and John Condras to be Overseers."

An old map shows that Thomas Palmer held 300 acres in Horsham in 1734.

II. **Rebecca Michener** twin of Hannah, was born 10-1-1692. She married Peter Davis of Horsham, Pa. Mo. Min. of Abington Meeting 30 of 10th mo. 1717:

"Whereas Peter Davis and Rebecca Mitchener having declared their intentions of marriage with each other, before two monthly meetings and enquiry being made by persons appointed found clear from all others on account of marriage did accomplish their marriage in unity of friends as is signified by their Marriage Certificate."

II. **Hannah Michener**, twin of Rebecca, was born 10-1-1692. She married 4-19-1712 Joshua Holt, husbandman, at Fairhill Meeting House. In listing their marriage, Hinshaw gives residences of each as Philadelphia, Pa.

II. **William Michener** was born 10-14-1696. His birth is recorded in the records of Philadelphia Meeting. He apparently moved to Horsham with his parents because we find in Phila. Mo. Mt'g. Abstract Minutes, Vol. II, 1707-1730, pg. 442:

"29th of second month 1720. This meeting desires Nicholas Wain and Issac Norris to write to Abington Meeting on behalf of William Mitchener, son of John Mitchener, that he being under age, was removed as one of the family."

He married Mary Custer 4 mo. 1720 at Abington Meeting House. Abington Records:

"27th of 4th mo. 1720. Report was made by persons appointed to attend Mitchener's marriage."

Mary Custer was born 3-1-1700 and was a daughter of Johannes and Elizabeth (Cassell) Custer. Abington Minutes state that William and Mary made their second declaration of intention to marry 3-20-1720. Then 30th of 3rd mo. William Mitchener and Mary Custise are left to accomplish marriage. (Note the spelling of Mary's name.) Her grandfather was Paulus Custer of Germantown, Pa. He came from Crefeldt on the Rhine in Germany in 1687. He took an active part in the governing of Germantown. His wife, Gertrude Streypers and he were Mennonites. He served as a Committeeman of Germantown 10-2-1700 and was over-

seer of fences 11-5-1706. He was a mason by trade. They were still in Abington Meeting in 1721 because we read in the Minutes there :

“29 of 3rd mo. Whereas there is a difference between William Mitchener and Edward Perry the meeting having advised them to make choice of four friends to hear differences and to endeavor to reconcile the matter, the said William and Edward having chosen Henery Comly, Joseph Gilbert, Herbert Fletcher and Richard Carver who are to return their answer next mo. meeting.”

Again : “31st of 5th mo. 1721 : The friends appointed to deside difference between Edward Perry and Wm. Mitchener reported ye same is ended.”

Soon after this they made their home in Plumstead Township, Pa. According to *Bucks County History* by Davis, William took up 400 acres of land which is located on an old draft of Plumstead Township drawn 3-11-1724 in the southwestern part of the township near the Buckingham line. I can not find this but have the one drawn by Warren Ely for 1759. Through tracing deeds and records of abolishing an old quit rent recorded in Deed Book 543-67 and Miscellaneous 39-13 in Bucks County Court House, I can place this land. It is on the old Easton Highway north of the Danboro Pike. Levi Huber, Frieda Arnold, Eugene and Emma Mayer wished to clear their titles and appeared in Court to abolish quit rent. Again Charles Ulmer did likewise 10-22-1909. I knew the above mentioned people so I know where this land is. The rent was owed to Richard Hill. In Deed Book 65-231 in Bucks County Court House, 3-26-1723 Richard Hill, gentleman of Philadelphia, to William Michener.

In March 1725, twenty inhabitants of Plumstead Township petitioned the Court of Quarter Sessions to lay off “a certain quantity or parcel of land to be erected into the form of a township.” The land included what is now Bedminster and Plumstead Townships. It was named Plumstead Township in honor of Francis Plumstead. William Michener was one of the above mentioned inhabitants.

In 1730 William Michener's name appeared on a list of some active and useful members of Bucks County Quarterly Meeting of Buckingham and Wrightstown.

1-19-1730, fifteen acres of ground for Plumstead Meeting House and Burial Ground was deeded by Thomas Brown to Richard Lundy, William Michener, Josiah Dyer and Joseph Dyer, in trust at the rate of one shilling per acre. The site for the Meeting House was selected by a committee appointed by Buckingham and Wrightstown Meetings. A log Meeting House was built in 1730. The present stone structure replaced it in 1752 and was used as a hospital in the Revolutionary

War. It was enlarged in 1876 and my great uncle, William H. Michener has told me how my great grandfather, Hiram Michener sent a team of horses to help in the work. According to the old markers the present building is not as large as the one built in 1752.

6-30-1730 William Mitchener attended Yearly Meeting as Representative from Buckingham.

9-3-1731 Richard Lundy and William Michener were Elders for Plumstead Meeting.

6-29-1734 William Michener again attended Yearly Meeting representing Buckingham.

9-27-1735 He served in the same capacity.

11-17-1738 William Michener asked to be released from being an Elder. The request was not granted.

The first road from Easton Road (sometimes called Dyers Road) was layed out 4 mo. 1738 on petition of inhabitants of Plumstead Township. It is the present Danboro Pike. It ended at the Delaware River at the mouth of the Tohickon Creek on the land of Enoch Pearson who then kept the ferry there. The viewers were William Chadwick, William Michener, Robert Smith and Cephas Child. It was surveyed by John Chapman.

According to Buckingham Minutes, Mary (Custer) Michener died 4-24-1758.

The same source lists these *children*: John, Mordica, Sarah, Mary, William, Joseph, Elizabeth, Meschach, George, Margaret.

At Buckingham Meeting House, 11-2-1761 William Michener married Ann (Lenoir) Schofield, widow of John Schofield. She must have been a very interesting person. She was a French woman who had been driven to this country by religious persecutions. At Falls Meeting, Pa. in 1724 she had married John Schofield who came from England 12-28-1717. She was a Minister about 1732 at Buckingham Meeting.

8-26-1761 Mary Atkinson and Ann Schofield appointed to attend Yearly Meeting.

1762 Ann Michener served in the same capacity.

1775 Ann Michener, widow of William, formerly widow of John Schofield is still very frequently sent as representative by Buckingham to Yearly Meeting.

5-28-1777 All representatives present at Yearly Meeting except Ann Michener.

Her daughter, Jane Schofield, married Samuel Smith of Windy Bush in 1750 and for many years after William's death Ann lived with them. She was called "Granny Mich-

ener" and was described by John Trego, who was born in 1780, as "a little toddling old woman." She moved to the home of her son, Samuel Schofield in Buckingham in 1789.

The Josiah B. Smith Papers in the Bucks Co. Historical Library have this to say 1789 in 6 mo.

"Mother Ann Michener removed to her son Samuel Schofield. Our ancient friend Ann Michener, a minister of Buckingham, died 2-12-1791 in her 89th year. She was the widow of William Michener. Her first husband was John Schofield."

Wills Book 5 (1222) pg. 253, Ann Michener of Solebury, widow, dated 5-18-1790, proved 3-16-1791. Executors: sons Samuel and Jonathan Schofield. She mentions her daughter, Jane Smith and her child. She also mentions a grand daughter, Ann Schofield.

William Michener died 6-10-1780.

For many years John Dyer kept a Diary. This man was a neighbor of William Michener and his daughter married into the Michener family, so many facts are established in this Diary which relate to the Michener Family. This quote is from the Diary:

"1780-6-10, William Michener departed this life about 3 o'clock this morning."

Wills Book 4-885, pg. 214, Will of William Michener.

III. **John Michener** was born in Plumstead Township, Pa. 3-2-1721. He married Mary Haworth. She was born 2-3-1721 and was a daughter of George and Sarah (Scarborough) Haworth. The births of their children are recorded in Buckingham Minutes 9-20-1746. Mary Haworth Michener is mentioned in the will of her brother, George of Buckingham 12-2-1748/9, Book 2 (281), pg. 136. They apparently lived on part of his father's farm as Deed Book 20-23 gives title from William and Mary Michener to John Michener, their son 5-7-1748. The bounds of the ground are John Savage, Abraham Vickers, Henry Pauls, Southeast bank of the Neshaminy Creek and Alban Thomas all a part of ground granted 3-25-1723 from Richard Hill. I can not tell if this land was on the west side of the old Easton Road but I think it was. John Michener was a witness to the will of Abraham Vickers, Yeoman of Plumstead 2-17-1756 in Book 2 (408), pg. 297. He moved to Bristol Township, Philadelphia County and in 1763 he owned 59 acres there. This later became Germantown. The land was bounded on two sides by Washington Lane and Cheltenham Avenue. This, no doubt, accounts for Michener Avenue now in that area. Mary Michener died 2-3-1771. John Michener died 3-28-1798. John Dyer's Diary: "3-28-1798, John Michener died this morning, grandfather to our son-in-law."

George Michener acquired land from his father and lived there all his life. Deed Book 20-24- John Michener of Bristol Township to George Michener, his son, land in Plumstead, 12-8-1783. The boundaries are the same as when John acquired this land from his father 5-7-1748. He died 10-12-1827. Bucks County Intelligencer: "George M. Michener of Plumstead, 10-13-1827, aged 80 years." #### In Memory Of Her

The sweetest life that I have known  
Has loosed its earthly ties

And she has flown to that heavenly home  
That is far beyond the skies.

Though it leaves me sad and lonely  
There is this, I'm glad to know  
It was the Heavenly Father's wish  
And it is better so.

Her suffering long and heavy  
Seemed more than she could bear  
But through it all she kept the faith  
And closed her life with prayer.

That God would grant her further time  
Before her setting sun  
Nevertheless, oh Lord, may Thy will  
Not mine be done.

At another time when his son had moved to Texas, Mr. Michener wrote the following poem :

**To My Son**

You have journeyed from among us  
To a sunny southern clime.  
We know your job requires it  
That you'll be absent for a time.

How I miss you and those toddlers  
And their merry, playful ways  
And I think about you all  
In these long and pain-filled days.

I don't want to seem too preachy—  
It's just that I am sad,  
So let me send this message  
To a sonny from his dad.

Teach those little children the language they should talk.  
Lead their little footsteps in the paths that they should walk.

Teach them, lead them, guide them.  
So they'll understand  
That the place to be real happy  
Is in the "Promised Land."

To quote from Longstreth Genealogy—"Dr. Michener was a man of unusual intellect. He lived in Masillon, Ohio afterward moving to northwestern

Illinois and from there to Dallas Co., Iowa in 1853. His life in Iowa was that of the student and recluse. He wrote for various papers, mostly medical journals. He was an ardent believer in the doctrines of "infidelism" which was much discussed at that time, and a follower and correspondant of Robert Ingersoll....He was entirely a self-educated man. When young, he engaged to teach a country school in western Pennsylvania and was told that he would have one pupil in English grammar—a subject which he had never studied. Buying a grammar, he started to study ahead of his pupil, and successfully filled the requirements of his position. When about twenty, he went to Canton, Ohio and studied medicine, teaching a school meanwhile, to pay his way. In Iowa, he wrote a grammar and in his home town was an undisputed authority on English. He practised his profession very little after moving to Iowa."

It describes their troubles during a serious illness and resulting deaths.

To John Cain  
Cains Postoffice  
Lancaster County.

Penn Township Chester County Nov. 2, 1831, Respected Brother, It falls to my melancholy lot to enforme thee that our afflictions were only commencing when thee was here, thee will recollect that our little son Lindley was very ill when thee left us. His disorder progressed very rapid which terminated his inosent life the next third day between 1 and 2 O'clock after suffering almost beyond description. Our sorrows not yet to an end, the evening before his death Joseph and Ruth were taken seriously unwell with fever and ulcers in there throats Joseph has not been entirely confined to his bed but Ruth was for more than a week not able to turn herself in bed and her case very doubtful. They are both in a favorable way of recovery now But when they were at the worst and our anxious thought and aching hearts was panting between hope and fear for there welfare we must feel another sting. Martha was doomed to travel that lonesome road that her Sister and brother had so lately went. She was taken very sudenly with sick stomach and sore throat. Dr. Michener was present when she first complained but with all the skill of both the Doctors Aukreman and Michener she must leave us which was on the 5th day morning last after suffering as the others for about five days. We are as well at present as we could expect to be after such an awful dispensation but feel our infirmities and great loss. Everything around seams to wear a gloom as we turn on every side we are liable to see some relic of the dear sufferers nearly all the clothes we all wear were cut and made by Miriam The very shrubs and flowers around the house and garden were of her planting and now in this trying hour seam to droop the heads as to morn her loss and the little inosent prattle of Martha.....are on every side. Tho we should not complain but pray for ability to love our heveniy fathers dispensations in what ever way he may send them the Lord giveth and the Lord taketh away. We would be very glad to see both here if you could leave home it would not be a visit of pleasure to you but consolation to us.

With respect

William Michener

To: John Cain.

To Amos Michener

My Dear Brother My long silence may have given rise to the thought that we had forgotten you in our new home but such is not the fact so much has pressed itself upon me to perform both mentoly and phisicly as to keep me from writing to all of my friends and conextions-I had the writings to prepare for the farm and to get them recorded- Annies sickness kept us back in the spring. Jesse and myself arrived here the 15th of April and the family on the following 5th day- the 20th of April-Since which time we have been very busy. We have about finished our planting have planted about 6 or 7 acres of corn and quite a large crop of potatoes also a good deal of broom corn. our choice crop was destroyed with the cold weather we have however quite a good prospect for apples. We have planted quite a large patch of mellons and cantalopes, the wheat crop looks well. the rye crop looks quite poor. We are located on a farm of about one hundred and ten acres. I hold the title for the land Capt. P. T. Woolman paid for it one thousand dollars and took an obligation for the full amount. If I can only succeed in getting a start made I think we can do very well. the land is more productive here than it is in Chester County. They raise good wheat here for the two or three successive crops on new land they say frquently raising 20 bu. of wheat per acre without the application of manre of any kind. we have about 40 acres of cleard land consequently about seventy of woodland and all that is wanted to make this land produce in abundance is the application of lime. they are beginning to burn and apply lime to the land-limestone abounds. We are about three miles from an inexhaustable supply of limestone, the stone cropping out of the ground and on the farm I refer to there can be a breack of 40 feet with any draining-there can be a fortune made here by an enterprising man with a capitol of 8 or \$10 thousand dollars.

Our situation is in my opinion a beautiful one. we have extended view of mountain scenery on all sides. the elevated potions of land we call mountains here are not I presume equal to the mountains in your vicinity but they are beautiful for me to look upon as they rise in the distance and aford you a view for miles. Hanna did not come with us but went to Millersville to school. received a letter from sister Ruth last evening informing us that she was with Simmons and his family. had left her school being to much indisposed to remain. It was little more than I expected and her previous exertions both mentally and phisicly had been such to raise funds to clothe herself and get money to school herself as to defeat her cherished object. Poor girl she had fixt her mind on obtaining a thorough education, she taught school at Oak Grove near Rising Sun the Spring of 66 and last winter obtained a school near the blue Bell tavern. her school last winter proved to be a very disagreeable one composed altogether of rude unmanerly boys which was a severe tax on her mentol and phisical frame then Annies sickness in the spring together with preparing her wardrobe for school rising early after her school was out and sitting up until midnight sewing until the very hour she started for Millersville was more than she could stand and the deep mortification of 8 weeks of almost lost time at school from ill health and hard earned money gone to no purpose. may he who tempers the wind to the shorn lamb pour the balm of peace into her troubled mind and I hope that renovated health may again soon be her portion. I think from what I know and hear concerning her that about all she wants is rest and kindness which she may receive, I have written this day to Sstr Ruth, Simmons and Abbie and to Hanna herself. She wrote to us frequently during her stay at Millersville but did not tell us of her condition though we judged that all was not well with her. we hope to get her home before long if she does not recover her health soon she may possibly come by way of Alexandria. She can come to Bloody Run Station which is 18 miles from us when she comes it will either be on the route or by Hagerstown coming in the cars to Hagerstown and by stage to Hancock 8 miles from us. We will miss Jesse much when he goes from us he intends I believe to apply for a school in his old neighborhood or in Maryland. he can not be staisfied witout an Education he will leave a blanck in

our family circle that will not soon be filled again. please write to us soon direct to Buck Valley P. O. Fulton Co., Pa. I have often thought of you and I want to write longer letters to thee sometime this summer in which I will review some of the past issues of our stay in Chester County. it was a severe struggle there and if it had not been for the severe hands I fell into in obtaining my second loan vs. Levi N. Pennock and the curses would have been there yet loafing. Frank Homer and the usury old Levi drew from me was such as to break me down on the Eve I think of success in the.....I was in.

thine truly

"A vision which Meschach Michener saw concerning the land of his nativity on the 6 of the 3 month, 1776, in the morning as I lay on my bed seriously thinking on the times I came to have my mind drawn into the humble supplication to the almighty, that he would be pleased to put an end to the confusion and establish peace in the room there of and as I lay under this exercise I was impressed with something unusual the like of which I had never felt and seemed to have a prospect of the firmament another was the appearance of a cloud mingled with blood, which arose out of the south west and seemed to extend towards the northeast, and from thence pointed towards Philadelphia and yet the firmament appeared clear and stars bright over my head, and there seemed to be a language spoken saying I will bring my judgments on the people of Pennsylvania and particularly on the city Philadelphia unless there be a repentance and amendment of life, behold the sword the pestilence and famine shall be in the land in such a manner that two thirds of the inhabitants there of must be swept away in two years time."
